

2023 Dance Concert

Hair, Make-Up & Costume Accessory List

Concert Costumes will be distributed April 10th-22nd

Female-Identifying Make-Up: All makeup should be complimentary to the dancer's skin-type and coloring.

Face--- Full foundation (even over eyelids and under eyes) matching the natural coloring of the skin blended into the neck under the jaw-line to eliminate shine, glare & imperfections. Bronzer may be used to highlight & shade forehead, nose, temples, chin and cheek bones.

Eyes--- Eyebrows darkened and defined with brow pencil or similar color shadow. Highlighter on brow bone. Shades of browns, greys and charcoals used on lid & crease (medium shade on lid. Dark shade on outer edge of lid and in crease. All shades should be darker than everyday wear and colors should be blended at overlap.) Black or Dark Brown eyeliner on top and bottom lids, extended and turned up just past the outer edge of the eye. Three applications of black mascara on top lashes, 1-2 applications on bottom lashes. False eyelashes are encouraged but now required for this performance.

Cheeks--- Appropriate shade of peach or rose on apples of cheeks and blended outward toward edge of cheekbone.

Lips--- A dark shade of plum or natural reddish-brown is preferred. Lip liner is not necessary. Darker than everyday wear.

Male Performers do not need to wear makeup at this time.

Female Hair: No fly-aways, no visible bobby pins. Use multiple ponytail holders and be sure that vigorous movement will not loosen hairstyle. Please take your time and be sure that your hair looks nice... UP CLOSE!

****It is recommended that all dancers in multiple dances**

purchase a nude colored camisole leotard or cami-bra top and briefs to be worn under all costumes as those dancers may have quick changes which will require changing in the wings with stage crew present. Such items can be purchased online at www.discountdancesupply.com**
