

2023 Concert Photoshoot, Performance Images, & Concert Video

Ken Dworkin of PBK Digital will be photographing our 2023 Spring Concert, as well as holding a dancer portrait photoshoot in-studio on Monday, May 15th to launch Tech Week! Additionally, Thia Schreyer will be capturing our stunning dancers in performance on video!

PORTRAIT PHOTOSHOOT | Monday, May 15th 3:30-9pm in Studio A at Synergy Space

- Dancers may sign up for one 15 minute timeslot
- Dancers must arrive a minimum of 15 minutes before their timeslot in hair and make up of their choosing with their chosen attire, and report to Studio B.
- During their slot, dancers will be able to capture images in stillness and movement in 1-2 "looks" of their choosing. These looks may be 1 or 2 of their concert costumes or any other appropriate attire of their choosing. If dancers choose to shoot in 2 different looks, they will have exclusive use of the student lounge in Studio A to quickly change during their time slot.
- Dancers will also have the choice of two different backgrounds for their images: a deep emerald green with softer lighting for a more classic look or a black background with intense lighting for a more dramatic effect.
- Dancers may also opt to share their timeslot with a friend and coordinate looks for a collaborative experience. Please keep in mind that this will count as each dancer's single allotted time and may not add an additional timeslot for individuals. While some individual images may be captured during this combined timeslot, they cannot be guaranteed as the total shoot time for the dancers will be 15 minutes.
- Synergy Space faculty will be on sight to assist in posing, styling, and maintaining the schedule.
- Dancers may sign up for their timeslot by completing their information in this Google Spreadsheet: <https://docs.google.com/spreadsheets/d/1bvS8oBSh7W4LuVsPkTYGSAod5TDLPQMk22EEOa3DtKk/edit?usp=sharing>
